Official Dog DNA Test of the Great American Dog Show

Embark was founded by scientists with a passion for research and a lifelong love for dogs. An Embark Dog DNA Test gives pet owners information about their dog's breed, ancestry, health, and more—all with just a simple cheek swab. Embark is an official research partner of Cornell University College of Veterinary Medicine.

- ✓ Founded by scientists
- ✓ Developed by veterinarians
- ✓ Trusted by millions of dog lovers

- Breed breakdown:
 - Embark tests for 350+ breeds
 - Get your dog's breed breakdown, with 99% accuracy
 - Knowing your dog's breed mix gives you the perfect ice breaker for those awkward dog park conversations **Body**
 - Before the big reveal, you can play our Guess the Breed game or share with
 - family & friends
 - Embark has the most popular breed reveals on social media
- Health screening:
 - Embark tests for 270+ genetic health risks
 - Learn about your dog's unique health needs, so you can give them the best care possible and help them thrive
- More happy family reunions
 - Find and connect with dogs who share your dog's DNA
 - Embark has the world's first canine relative finder
 - Embark dogs have reunited with their siblings, parents, and offspring!
- Embark tests for 55 physical traits, including your dog's tendency to shed, size and
- predicted adult weight, coat color, and more
- You'll also see your dog's family tree and where their ancestors traveled
